RE: **Proposal for one (1) 2021 Montana Mule Deer Auction License**

Dear Mr. Whitney:

Please accept this letter as our application for one (1) 2021 Montana Mule Deer License, which will be auctioned at our National Convention during the Western Hunting and Conservation Expo (WHCE) in Salt Lake City, Utah on February 11-14, 2021. Over 60,000 patrons visited our show in February 2020.

The Mule Deer Foundation is a non-profit wildlife conservation organization whose mission is to ensure the conservation of mule deer, black-tailed deer and their habitat. Headquartered in Salt Lake City, Utah, MDF has over 25,000 members throughout the U.S. MDF's goals center on restoring, improving and protecting mule deer habitat, resulting in self-sustaining, healthy, free-ranging, and huntable mule deer populations. MDF achieves its goals through partnering with state and federal wildlife agencies, other conservation groups, businesses, private landowners, and individuals to fund and implement habitat enhancement, research and conservation education projects. Attached is a list of our chapters in Montana and our Montana projects and funding.

Our national convention serves as our annual members' meeting along with providing the opportunity to raise funds for our mission. Additionally, our exhibit hall will have over 500 vendors promoting everything from outfitted hunts and trips to wildlife art. The WHCE had over 60,000 wildlife enthusiasts venture through our exhibit hall during the four-day event. Given recent history, we believe that more than 3500 guests will attend our fundraising auctions. MDF has over 30 years of fundraising experience. Last year, our fundraising auction at the WHCE grossed over eight million dollars. We have achieved great success auctioning special big game licenses and tags at our convention. Last year, MDF generated \$20,000 through the auction of the Montana Mule Deer License at our National Convention. Other special state tags from Arizona, Colorado, Utah, Washington, Nevada, New Mexico, Alaska, and California raised over \$1.5 million for their states' respective wildlife.

Mule Deer Foundation has designed an aggressive media campaign, utilizing direct mail, out of state and local television, radio stations, and newspapers to advertise the event. We will promote the Montana auction license on our websites ([www.muledeer.org](http://www.muledeer.org) and [www.huntexpo.com](http://www.huntexpo.com)) and in many national publications including, our *MDF* magazine which has a circulation of more than 30,000. We will also outline details about the auction license in our auction guide and program. In addition, the MDF would like to offer the Montana Fish, Wildlife & Parks (MFWP) a complimentary booth in our exhibit hall where your department has the opportunity to help promote the license and provide information about the MFWP at the Expo.

MDF would retain 10% of the license auction proceeds, which would help offset costs to promote and administer the auction of the tag.

We appreciate the opportunity to apply for the 2021 auction license and hope that MFWP will consider our request. We appreciate our ongoing partnership and hope that together we can secure a strong future for Montana's mule deer and other wildlife.

Sincerely,

Amanda Yetter  
Senior Accounting Clerk/Tag Coordinator
