| 4/20/2022 | | | brownbare90@yahoo.com | outside scope | So you want to kill all the cutthroat and replant cutthroat. What a Waste of Money!!! | No |
| 4/20/2022 | | Rooney | kootfish@yahoo.com | outside scope | Which Rainbow Lake is this referring to? There are two in Lincoln County. | Yes |
| 4/20/2022 | Rusty | Cash | rustycash@hotmail.com | outside scope | The fact that this is being considered at all is ridiculous. 90% of our fish are nonnative, we need to manage as a sport fishery not a science project. Plant steelhead, cohos, and kings in our lakes, allow spearfishing for pike, and cut these wasteful jobs. Government overspending at its best.....more than enough work in the private sector. If you are worried about nonnative species, then don't plant pheasants. Do you not see the hypocrisy. | No |
| 4/20/2022 | Dan | Oursland | oursdan54@gmail.com | outside scope | WHERE IS RAINBOW LAKE? | Yes |
| 4/21/2022 | Joel | Aimone | jaimone@me.com | For | Good plan! | No |
| 4/21/2022 | Gary | Steffen | glsteffen@live.com | For | This sounds like a great program. What about the Middle Fork? | No |
| 4/29/2022 | Tim | Joern | timjoern@hotmail.com | outside scope | Regarding the announcement about Rainbow Lake in northwest Montana that appears below: There are more than one Rainbow Lakes in northwest Montana. Which one is this announcement referring to? | Yes |
