Please comment on the Sweathouse Creek Conservation Easement purchase, Region 2

This parcel seems too important to risk being lost to development, and worth public investment. I support the CE proposal.

Dear Commissioners,

I am contacting you to urge your approval of the easement purchase for Sweathouse Creek. This easement would ensure that hunters and recreationists have access to this into the future and perhaps most importantly prevent this area from being subdivided and developed. The purchase of this easement will improve recreation opportunities and protect habitat that is vital to our regions game and non game species. Thank you for taking the time to read my comment.

This appears to be another abuse of funds. 3.38 million for 400 hunter days! My biggest problem with all of these "purchases" is that afterwards the landowner gets paid every year from block management funds to provide public hunting on land the public has already paid a large sum for public hunting.

On behalf of the Citizen's Elk Management Coalition, we are writing in support of the acquisition of the Sweathouse Creek Conservation Easement and applaud the agency for continuing to build on your stellar record of habitat conservation through the use of Habitat Montana dollars.
