1	103	<a href="#">SPP Montana Wolf Prairie Ranch</a>	General Elk License	2	LO selected public hunters may use general elk license to harvest brown-tine bull elk unless the hunter has a PTHFV. FWP selected 103-00 elk B license	LO select 2 public hunters from general elk license sign-up from June 15-July 15; FWP will select 4 public hunters from 103-00 Elk B license successful list	10	Y	N	Y	Uncertain at time of application	The proposed agreement is a popular hunting destination among the general public. The area is part of the larger Lost Trail and Island Lake Complex, an area that has traditionally accounted for a significant proportion of elk harvest in HD 103. This proposal will cause some enforcement challenges, as this area has historically been open via the Block Management Area Program.	14,482	N	Y - Landowner is Block cooperator but no longer for this property.	2-NR	Y
2	201	<a href="#">Clark Fork Cattle Co.</a>	General Elk License	1	All hunters will use the 201-00 antlerless elk. Cannot harvest cow on general license in HD201	LO has identified a public hunter who is a veteran from general license holders or 201-01 OTC Elk B license list; FWP will select 2 hunters from 201-00 successful list	NA	Y	N	Y	Uncertain at time of application	Landowner already has identified their selected hunter. This EHA has potential to provide a successful public hunting opportunity.	620	Y - 4x5 bull harvested by landowner/designee; one antlerless elk harvested by a public hunter; Public hunters gave positive feedback on ranch manager interactions. Another reported there were no elk on the property but said the manager kept hunters updated on sightings. One hunter commented on being allowed to only hunt a small portion of the ranch.	N	NR	Y
3	380	<a href="#">Radley Ranch Legacy LLC (O'Connell)</a>	380-20	1	LO selected hunter (380-20 either sex); 2 FWP selected public hunters 380-00 antlerless only	LO selects local resident; FWP selects 2 from successful 380-00	14	Y	N	Y	Y	Hunters must give advance notice to landowner so one hunter at a time is on property to improve success and experience for hunters. Non-motorized with motorized retrieval with LO permission. The property will typically have elk throughout the archery and rifle season.	640	Y - 3x3 bull harvested by landowner/designee; no harvest by selected public hunters; Public hunters gave positive feedback on interactions with the landowner. One public hunter reported seeing elk heading up the mountain for timber.	N	R	Y
4	380	<a href="#">Dunn Canyon Cattle Co.</a>	380-20 (either-sex) permit	2	All 6- 380-20 either-sex permit.	FWP select 6 from 380-20 successful list.	NA	Y	N	Y	Y	Hunters are to follow BMA rules. The property is also included in an early season elk management hunt that is done annually in HD 380 to address elk distribution/game damage issues when elk hit irrigated alfalfa pivots/hayfields along the Boulder River in late summer. Elk are found on and off again on the property and on the adjacent BLM land during the archery and general rifle season.	6,066	Y - 6x6 bull and 3x7 bulls harvested by landowner/designees; No public hunters opted to be selected for the ranch through the EHA program; FWP called/emailed the full list of elk B license holders. This property is a Type I BMA with 725 hunter days last year.	Y	2-R	Y

N	Due to elk distribution, property size, and property location adequate cow elk hunting during general and shoulder seasons may be extremely limited. This property is unlikely to provide adequate harvest opportunity for cow elk. There are a number of bulls on the property, but few (if any) cows during that time of year. Currently, bull elk opportunity is higher in this area compared to antlerless opportunity. LO application indicated only cows during shoulder, but confirmed per email 5/19 will allow cow hunters during general season.	1,280	N	N	NR	Y- FWP will monitor hunter survey results from 2023 enrollment to evaluate future applications.

Uncertain at time of application	The Waid Ranch has elk, but in most years the elk in this area are primarily present during the archery season, which is when the best opportunity would be for this area. Public opportunity is limited during general season. Region is reaching out to LO confirm that they do not want to allow archery season opportunity due to elk presence.	1,635	Waid applied in 2022, but was not successful in the post-commission randomized drawing process. No permit awarded through EHA in 2022.
