Hello,

*I strongly oppose Commissioner Walsh's Hook Definition amendment.*

*I am also writing that you close immediately WMU 316. The quota was 6 Yellowstone wolves between the 2 units, and you have reached that by once again go over quota and allowing that to happen.*

*The goal this year, and as requested by so many people, including Superintendent Sholly, was to limit the killing of Yellowstone wolves based on the serious effects from last year's killing of 13 wolves. Please honor the reasoning by this summer's decision and close WMU 316 immediately. Yellowstone cannot afford another year of losing so many wolves and packs.*

Thank you,

Christine Goulet

*Commissioner Walsh's Hook Definition amendment will start on **October 22** and run through **November 7**. **\*NEW\*** FWP has modified its response to the amendment regarding hook definition and has subsequently extended the public comment period through November 7.
