

2020 Antelope Population Report

Pronghorn numbers are based on complete-coverage surveys of hunting districts or on densities seen on trend areas and extrapolated to the hunting district. Counting pronghorn is an inexact exercise subject to a multitude of weather and timing variables and pronghorn movements between hunting districts. Therefore, counts in some years may not accurately reflect pronghorn numbers and better counts from previous years may be reported.

Region	Regional Sum
2	214
3	17,812
4	22,427
5	33,020
6*	45,084
7	50,264
Statewide	168,821

*Region 6 sum does not include HD 640 which is not currently surveyed

Hunting District	Most Recent Representative Count or Estimate	Survey Method	Year of Most Recent Survey If Not 2020
215	187	Complete Coverage Survey	2019
291	27	Complete Coverage Survey	2019
300	1,239	Complete Coverage Survey	
301	242	Complete Coverage Survey	
310	806	Complete Coverage Survey	2019
