^aHarvest of adult bulls and cows (no calves) during the archery and general seasons combined must be a number ≥51% of recruitment for both bulls and cows.

^bHarvest during all seasons combined (archery, general and shoulder seasons) must be a combined harvest of bulls, cows **and calves** ≥100% of recruitment of all elk.

^cShoulder seasons in some hunting districts are not intended for population reduction but for redistributing elk. Harvest criteria do not apply to these districts and they are not included in this list.
