

Region	Site Name	Site Type	Corresponding Rule	Rule Deviation (proposed language)	Justification (explanation for why this exception is needed)	New / Existing
1	Thompson Chain of Lakes	State Park	12.12.114	Trapping allowed - limited to sets below the water surface only.	ARM 12.12.114 and the deviation adopted by the Board on 8/14/24 limits trapping to submerged water sets for beaver and muskrat. This prohibits trappers from possessing other riparian species captured such as other and mink. These populations are robust and can sustain Commission regulated harvest. FWP proposes a change to the deviation to allow trappers to keep Commission-approved riparian species that could be caught in State Parks with submerged water sets, and to implement the rule that was originally intended.	Existing
1	Thompson Chain of Lakes	State Park	12.12.109	Food storage rules apply.	Reduce wildlife conflict. Existing management practice, continuation of current status.	Existing
3	Bannack	State Park	12.12.112	Recreational horseback riding allowed.	Existing management practice. Continuation of current status. Horseback riding is already allowed at the Park and the continued use would benefit visitors by providing a unique recreation experience.	Existing
3	Missouri Headwaters	State Park	12.12.114	Trapping allowed - limited to sets below the water surface only. Limited number of trappers allowed, written permission from park manager required.	ARM 12.12.114 and the deviation adopted by the Board on 8/14/24 limits trapping to submerged water sets for beaver and muskrat. This prohibits trappers from possessing other riparian species captured such as other and mink. These populations are robust and can sustain Commission regulated harvest. FWP proposes a change to the deviation to allow trappers to keep Commission-approved riparian species that could be caught in State Parks with submerged water sets, and to implement the rule that was originally intended.	Existing
7	Pirouge Island	State Park	12.12.113 - 12.12.114	Hunting/Weapons restriction: Restricted to archery, crossbows, traditional handguns, muzzleloader, or shotgun during commission-established hunting seasons.	Existing management practice, continuation of current status.	Existing
7	Medicine Rocks	State Park	12.12.113 - 12.12.114	Hunting/Weapons restriction: Restricted to archery, crossbows, traditional handguns, muzzleloader, or shotgun during commission-established hunting seasons.	Existing management practice, continuation of current status.	Existing
